

Learner profile is a very practical approach to check the competencies of students and provide them better guidance for achieving well.

For S.Y.B.Ed. and F.Y.B.Ed. students learner profile was made. The objectives for preparing a learner profile were:

- Critical thinking
- Self- reliance
- Good health
- Reflective thinking
- Better communication skills
- Evolved teacher competencies
- To identify the various potentials of the future teachers
- To mentor and guide the students for preparing themselves for future
- To work upon the challenges and make the strengths more strong

There were 50 First Year B.Ed. students who filled the learner profile which was sent to them immediately after admission for 2023-25 Batch in a google form. Based on the following criteria their details were collected and analysed:

1. Preliminary details
2. A team player: have good abilities to work in team
3. Self- reliant: very self-reliant
4. Communication skills: good Communication skills, more opportunities can be given
5. Challenges: time management, study skills, communication skills
6. Physical awareness
7. Stress coping mechanisms: good sleep, coffee, fruits, morning more energetic than afternoon drink more water
8. Learning strategies: writing, loud reading, concept mapping, taking notes

Activities that are conducted based on the requirements:

- Mentoring
- Workshop on study skills
- Provide opportunities to display the communication skills
- Health cell activities
- Encourage to work on one's capabilities
- Students' enrichment programmes
