

Indian Air Force (IAF) Air Show - 11th to 14th January 2024

The IAF carried out a remarkable 60-minute display of aerial activities to showcase the capabilities and skills of the Indian Air Force. The demonstration of the aircraft and aerial performances was scheduled from 11th to 14th January 2024 between 12:00 - 1:00p.m. The First Year B.Ed students of SXIE were thrilled to be a part of the crowd to witness the remarkable and enchanting air display on 12th of January 2024.

The airshow featured a variety of aircraft, including fighter jets, helicopters, and transport planes. The pilots demonstrated their expertise and skill through breathtaking aerobatic activities like loops, rolls, and they even formed a heart. The thunderous roar of the engines and the graceful movements of the aircraft captivated the audience. Overall, the airshow at Marine Drive was a thrilling and memorable event that showcased the skills, precision, and power of the Indian Air Force. It was a fantastic opportunity for the SXIE students to witness first-hand the capabilities of the aircraft and the dedication of the pilots.
